Domains in scope: d0.example.com

Pack version: cyphward-ndpa-pack-v1

Readiness evidence, not legal advice or a compliance determination. Filing of Compliance Audit Returns for UHL/EHL organisations must go through a licensed DPCO.

This document is not a Compliance Audit Return and does not replace one. A Compliance Audit Return for a data controller or processor of major importance is filed by a licensed DPCO. A DPCO may use this pack as supporting evidence.

About this pack

- Source labels: Tool observed and Externally observed come from Cyphward's checks; Customer attested is an answer given by your team; Practitioner reviewed is reserved for a qualified reviewer.

- Generated from snapshot 3. Later scans and answers do not change this pack; issue a new pack to reflect them.

- Cyphward organises evidence. It does not give legal advice or decide whether an obligation has been fulfilled.
